

ATTITUDE FOR BUSINESS

What is Attitude? A
manner of acting, thinking or
feeling that shows one's
disposition or opinion.

How does an Attitude evolve?

- It starts with a stimulation, good or bad
- That stimulation causes a feeling
- That feeling evokes an emotion

How does an Attitude evolve?

- That perception becomes your reality
- That reality dictates the way you act or influence those around you.

- If you think you will lose, your lost
- For success begins with a person's will
- It's all in the state of mind

- Life's battles don't always go to the stronger and faster man.....

But sooner or later the man who wins....
is the man who thinks he can!
