2024-05-01 Sons are Gatekeepers (The Isa 61 Reformation of Nations through Sons)

When we find out who we are as sons, the implications of ascending in the Spirit to Father's Council are profound. We carry His purpose, presence, fragrance, passion, and personality. Jesus said, "my Father is always working and so am I." Sons are in the same space. The harvest is plentiful, and sons and daughters are engaged in *the Isa 61 Reformation of Nations*.

How? Here are four distinctions of sonship.

#1. Lovers of People – God is love. Father loves people: His sons are engaging, inviting, and purpose-full. They lead with love and have an ability to listen for the prophetic clues that pull others into their own hearts. The emotion of love is coupled with a feeling of respect. Sons know how to honor what people carry. They can set a culture of honor that encourages people to take their seat in heaven and their assignment on earth.

Example – Kingdom business leaders do more than manage exterior performance. They use 1-on-1 conversations to listen for the dreams in hearts. They aren't just monitoring KPI's, not just what a person can do, but what God can do through these treasures in earthen vessels.

#2. Seers & Overseers – Sons share the big picture in Father's heart, and they naturally watch out for people, the cultural atmosphere, and even nations. Sons are awake politically and spiritually; they are aware of enemy schemes and play an active role in redeeming what has been stolen in the Courts of Heaven. Sons are warriors who not only open the gates of heaven and release the Host of Heaven, but they can possess the gates of the enemy. There is no place for evil to hide. Oversight leads to intervention!

Example – Sons watch over Father's purpose and people. They are discerning direction and progress on both spiritual and natural realms. They are aware of enemy opposition, and they are equipped for the warfare to defeat accusations in the Courts of Heaven.

#3. Gatekeepers – Sons not only see needs and opportunities, but they are also gatekeepers who can invite Father's power, glory, and majesty into the earth. *Ask of me and I will make the nations your inheritance, the ends of the earth your possession, Ps 2:8*. Sons carry a responsibility to inherit the earth. They are stewards of the liberating atmosphere of God's Kingdom, and they possess the land Father has given them with initiative and zeal. Sons are not looking for portals to heaven, they are portals into Father's Council.

Sons are uncommonly courageous. Knowing Father's purpose is a permission slip to implement it.

- Like Joshua and Caleb inheriting land.
- Like David's and Deborah's in warfare.
- Like Mary's birthing the new (*Be it unto be according to your word*).

Example – Gatekeepers in business redemptively pursue struggling people. They bravely heal issues in relationships, performance, engagement, and initiative. They have a reason for the enthusiasm that lies within them and a natural bent to help others find the same.

#4. Fathering People and Nations – Sons carry Father's heart for people, businesses, communities, and Nations. They can see Father's purpose and plan at each of those levels. They carry an anointing to invite people into the desires Father already wrote in their hearts. They have an ability to invite others to become themselves. It's an amazing liberation from the spirit of religion always trying to become something we're not!

Example – Doing what Father does is fun (Jn 5:19). Fathering people into their sonship so that they find their role in Reformation is big on Father's heart. It's big on our heart too. We all must choose to follow Jesus, but the Kingdom policy is no soldier left behind, no nation unredeemed. Every heart, every business, and every nation, is chosen for Kingdom purpose.
